

## PRODUCT DETAILED SPECIFICATIONS

### FENDER PASSPORT 250 PA/SOUND SYSTEM

From night club acts to business seminars and health clubs to sporting events, the Passport P-250's wide variety of original features make it the ultimate sound system. The P-250 system includes a powerful six channel, 250-watt stereo powered mixer with digital reverb and two custom full-range speaker cabinets. The system packs into a convenient, weather-resistant, portable package through a patented latching system. Features: 250 watts stereo (125 watts per channel), four mic/ line inputs and two mono/stereo inputs for CD, tape, video or computer connections. The P-250 system includes two P-51 microphones (with cables and stand clips) and speaker cables. The P-250 sets up in less than five minutes.

SPEAKER STANDS ARE INCLUDED WITH YOUR RENTAL FROM RENTFUSION. CALL 1866-RENTFUSION
