Designed for peace of mind.

Whether you need it for everyday personal use or for large, organizational deployment, the Dell UltraSharp U2311H 23"W Monitor is designed to last well into the future while delivering energy-smart performance today.

Aligned with energy standards:

The U2311H complies with the latest energy-efficiency standards, including ENERGY STAR 5.0 and TCO 5.0. Additionally, the monitor's EPEAT Silver rating ensures alignment with some of the highest environmental standards for public and private sector use.

The coverage you need, now and later:

Your new Dell monitor is designed to go the distance, but in the event of a hardware issue, you can feel confident knowing that your U2311H purchase includes a 3-year limited hardware warranty.

Perfection down to the last pixel:

Dell UltraSharp displays are designed for perfection in every pixel. In the event you discover even one bright, defective pixel during your limited hardware warranty¹ period, we'll exchange your monitor at no cost to you.

Asset management for business:

For larger organizations needing an extra layer of control, the U2311H supports asset management through Dell Client Manager Software, which lets IT administrators control multiple monitors remotely².
