

Dell Optiplex 980 SFF Small Form Factor Desktop

OptiPlex Means Business

Demanding applications require serious performance. And the OptiPlex 980 delivers advanced technologies to tackle any challenge without missing a beat.

Users can achieve peak productivity with top-of-the-line Intel Core i7 Quad Core 2.8Ghz (3.46Ghz with Turbo Boost) processor with 8MB Cache and FSB of 1333Mhz plus generous high speed memory options.

Advanced manageability tools like the next generation of Intel® vPro™ technology help simplify systems management and allow IT to focus on more strategic challenges.

The ultimate in expandability, the OptiPlex 980 Small Form factor offers a smaller redesigned chassis.

Rent Dell Optiplex 980 SFF from Rentfusion and discover today how the high-performance technologies in the OptiPlex 980 can help increase productivity of both IT and users to help move your business forward. Rentfusion Computer Rentals is proudly carries the Dell 980 line of Enterprise class desktop in its small Form factor (SFF) keeping in mind the valuable space saving on your desk.

OptiPlex Provides Security

The OptiPlex 980 takes advantage of continuously evolving security technologies to deliver numerous defense-in-depth options. Protect your critical data and network with a range of Enterprise Class options including:

- Intel® vPro™ technology, designed to isolate system threats for excellent protection for your network infrastructure.
- Full disk encryption hard drives. Built-in TPM 1.2 to help protect the network from unauthorized access

The OptiPlex 980 gives you the power to choose your level of security, from hardware to software, local or remote. Go on the offense with security, and let the OptiPlex 980 help you secure your data, before problems strike.

OptiPlex is Easy To Rent

Built for users and IT professionals, the OptiPlex 980 Enterprise desktops help you meet the changing needs of your organization. These highly customizable desktops include:

- New support for optional integrated wireless networking for maximum flexibility and productivity.
- Industry leading Intel® vPro™ out-of-band technology which helps reduce costly desk-side visits for IT.
- A suite of highly customizable global service and support offerings throughout the PC lifecycle.

OptiPlex Gets Green

Built with post-consumer recycled content, the OptiPlex 980 delivers on Dell's commitment to being the greenest PC company on the Planet. The OptiPlex 980 is designed to help minimize power usage and lower environmental impacts benefiting not only our IT budget but the environment as well. Customizable configurations— including the Dell OptiPlex 980 Energy Efficient and Environmentally Responsible models— leverage Dell's Energy Smart power management settings, Energy Star compliant Higher efficiency power supplies and Dell's ultra-silent Quiet Kit noise-reduction solution. The Dell OptiPlex 960 reflects Dell's true understanding of the importance of green technologies to your company and your company's bottom line.

Rentfusion - Technical Details for Dell Optiplex 980 SFF Desktop

Processor

Intel Core i7 Quad Core 2.8Ghz (3.46Ghz with Turbo Boost) Processor with Intel vPro™ Technology; 8M Cache; 1333MHz FSB

Operating Systems

Genuine Windows® 7 Professional 32-Bit or 64Bit with Downgrade Rights Service to Windows® XP Professional

Chipset

Intel® Q57 Express Chipset

Memory

4GB 1333MHZ DDR3 SDRAM (1 x 4GB) as Standard; upgradeable 16GB Maximum.

Four DIMM slots; Non-ECC dual channel 1333MHz DDR3 SDRAM, supporting up to 16GB by using 4 x 4GB Memory Modules

Graphics Card

512MB ATI Radeon HD 4550 with DisplayPort & DVI Ports – Low Profile Discrete Graphics Adapter

Hard Drive

1 Terabyte 7200RPM 3GB/s SATA HD with 32MB Data Burst Cache

Networking

Integrated 10/100/1000 Ethernet LAN (Intel WG82578DM Gbe)

Optical Drive

8X DVD+/-RW Slimline – Roxio Creator Dell Edition 10.3 & Cyberlink Power DVD 8.3

Expandability

Standard I/O Ports:

(8) USB 2.0 (2 front, 6 rear)

(1) 1 RJ-45

(2) PS2

- (1) VGA
- (1) Display Port
- (1) DVI-D via DisplayPort to DVI adapter dongle
- (1) Serial
- (1) Parallel
- (1) ESATA
- (2) Line-in (stereo/microphone)
- (2) Line-out (headphone/speaker)

Number of Bays

- 1 internal 3.5",
- 1 external 3.5", (slimline)
- 1 external 5.25" (slimline)

Slots (max allowable dimensions)

Slot 1: 1 low-profile PCIe x16 graphics
-(H: 2.731" X L: 6.600")/(68.90mm X 167.64mm)

Slot 2: 1 low-profile PCI
-(H: 2.731" X L: 6.600")/(68.90mm X 167.64mm)

Security

- Trusted Platform Module (TPM) 1.2
- Dell Control Point
- Chassis loop lock support (with cable locks available)
- Chassis intrusion switch
- Setup/BIOS Password
- I/O Interface Security

Systems Management Options

Hardware Management Options: Intel vPro Technology

Keyboard & Mouse

Dell QuietKey USB Keyboard, Dell Optical 2 Button USB Mouse with Scroll

Chassis

Small Form Factor (SFF)

Dimensions

Horizontal Placement: 11.4" W x 12.74" D x 3.35" H
Vertical Placement: 3.35" W x 12.74" D x 11.4" H
Weight: 13.0 Lbs
