

## PRODUCT DETAILED SPECIFICATIONS

### HP LASERJET 9000N

#### **One of the most versatile and efficient printers on the market!**

The HP LaserJet 9000 Series printers have the power and versatility to make distributed printing a reality for any organization. Integrated business solutions from HP and key partners provide unsurpassed compatibility in most business environments, even those utilizing multiple hardware and software platforms, to accomplish true distributed printing. HP LaserJet 9000 Series printers provide a system that allows you to move high-volume output closer to end users in key departments or remote locations while still supporting general office printing. With HP LaserJet 9000 Series printers, departments such as finance, marketing, purchasing, and human resources can produce more documents right in their work area. Now, monthly statements, invoices, purchase orders, and large reports can be created where they need to be delivered so the cost and distribution time associated with centralized printing can be reduced or eliminated.

HP LaserJet 9000 Series printers are designed to process documents quickly and enable users to take advantage of the powerful print engine. The HP Jetdirect EIO internal print server is designed to handle up to 2 MB per second of data, eliminating any bottle neck of information flow from the network to your printer. With the HP LaserJet 9000 Series printers, whatever your document distribution needs are, they will be executed quickly and efficiently.

#### **Compatibility**

OS/Print Compat : Windows 95, Windows 98, Windows NT 4.0, Windows Me, Windows 2000, IBM OS/2 Warp version 3.0 or higher, Auto CAD

#### **Connectivity**

Printer ports: IEEE 1284 bi-directional parallel port, HP Jetdirect 610n 10/100Base-TX EIO print server, 2 open EIO expansion slots

**Paper handling**

Primary tray : 500-sheet input tray

Secondary tray : 500-sheet input tray

Additional info : Printer display: 4-line graphical display, 10-key numeric pad, eight navigation keys, and three LED indicator lights, RIP-once and Transmit-once technology, Media types: Plain, preprinted, letterhead, prepunched, bond, color, recycled, cardstock, rough papers, transparencies and laser labels.  
Duty cycle : 300000

Minimum paper weight: 16 lbs.

Maximum paper weight: 53 lbs.

Third tray: 100-sheet multipurpose

Maximum paper size: 11" x 17"

Maximum paper weight through manual feed: 58 lbs.

**Print language**

Print Language (new) : HP PCL 6, HP PCL5e, PostScript Level 3

**Print speed**

Black print speed: 50 ppm

Time to first print: <8 second(s)

**Print technology**

Print technology : Laser, monochrome

**Printer memory**

RAM enhancements : with HP Memory Enhancement technology (MEt)

Std. RAM : 64MB

Max. RAM : 384MB

**Processor**

Processor speed : 300MHz

Processor type : RISC

**Resolution**

Resolution : HP FastRes 1200 (1200-dpi quality) at engine speed

2nd resolution : 600 x 600 dpi

**Dimensions & Weight**

Weight : 143.6 lbs.

Dimensions : 29.75 Inches (W) x 24 Inches (D) x 24 Inches (H)

**1 866 RENTFUSION**  
**(1 866 736 8387)**
